REMARKS

Claims 9-12 and 14 remain in this application. Claims 1-8 and 13 have been cancelled and claim 14 has been added. Claims 9 and 14 are in independent form. Claim 12 has been amended as suggested by the Examiner. No new matter is believed to be introduced in these new claims or amendments.

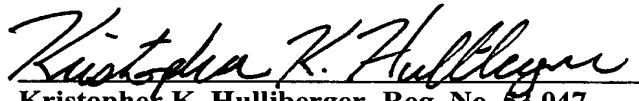

Claims 9-12 stand rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter. Claims 9-11 have been amended to clarify the subject invention. Specifically, these claims are in accordance with the Examiner's statement of reason for allowance. As such, it is believed that the §112 rejection is overcome and claims 9-12 are allowable.

Applicant has added new claim 14. The allowable subject matter identified by the Examiner has been incorporated into claim 14 and is also believed to be allowable.

Accordingly, it is respectfully submitted that the Application, as amended, is now presented in condition for allowance, which allowance is respectfully solicited. Applicant believes that no fees are due, however, if any become required, the Commissioner is hereby authorized to charge any additional fees or credit any overpayments to Deposit Account 08-2789.

Respectfully submitted
